DENSITY 21.5*

Flute Solo

EDGARD VARÈSE

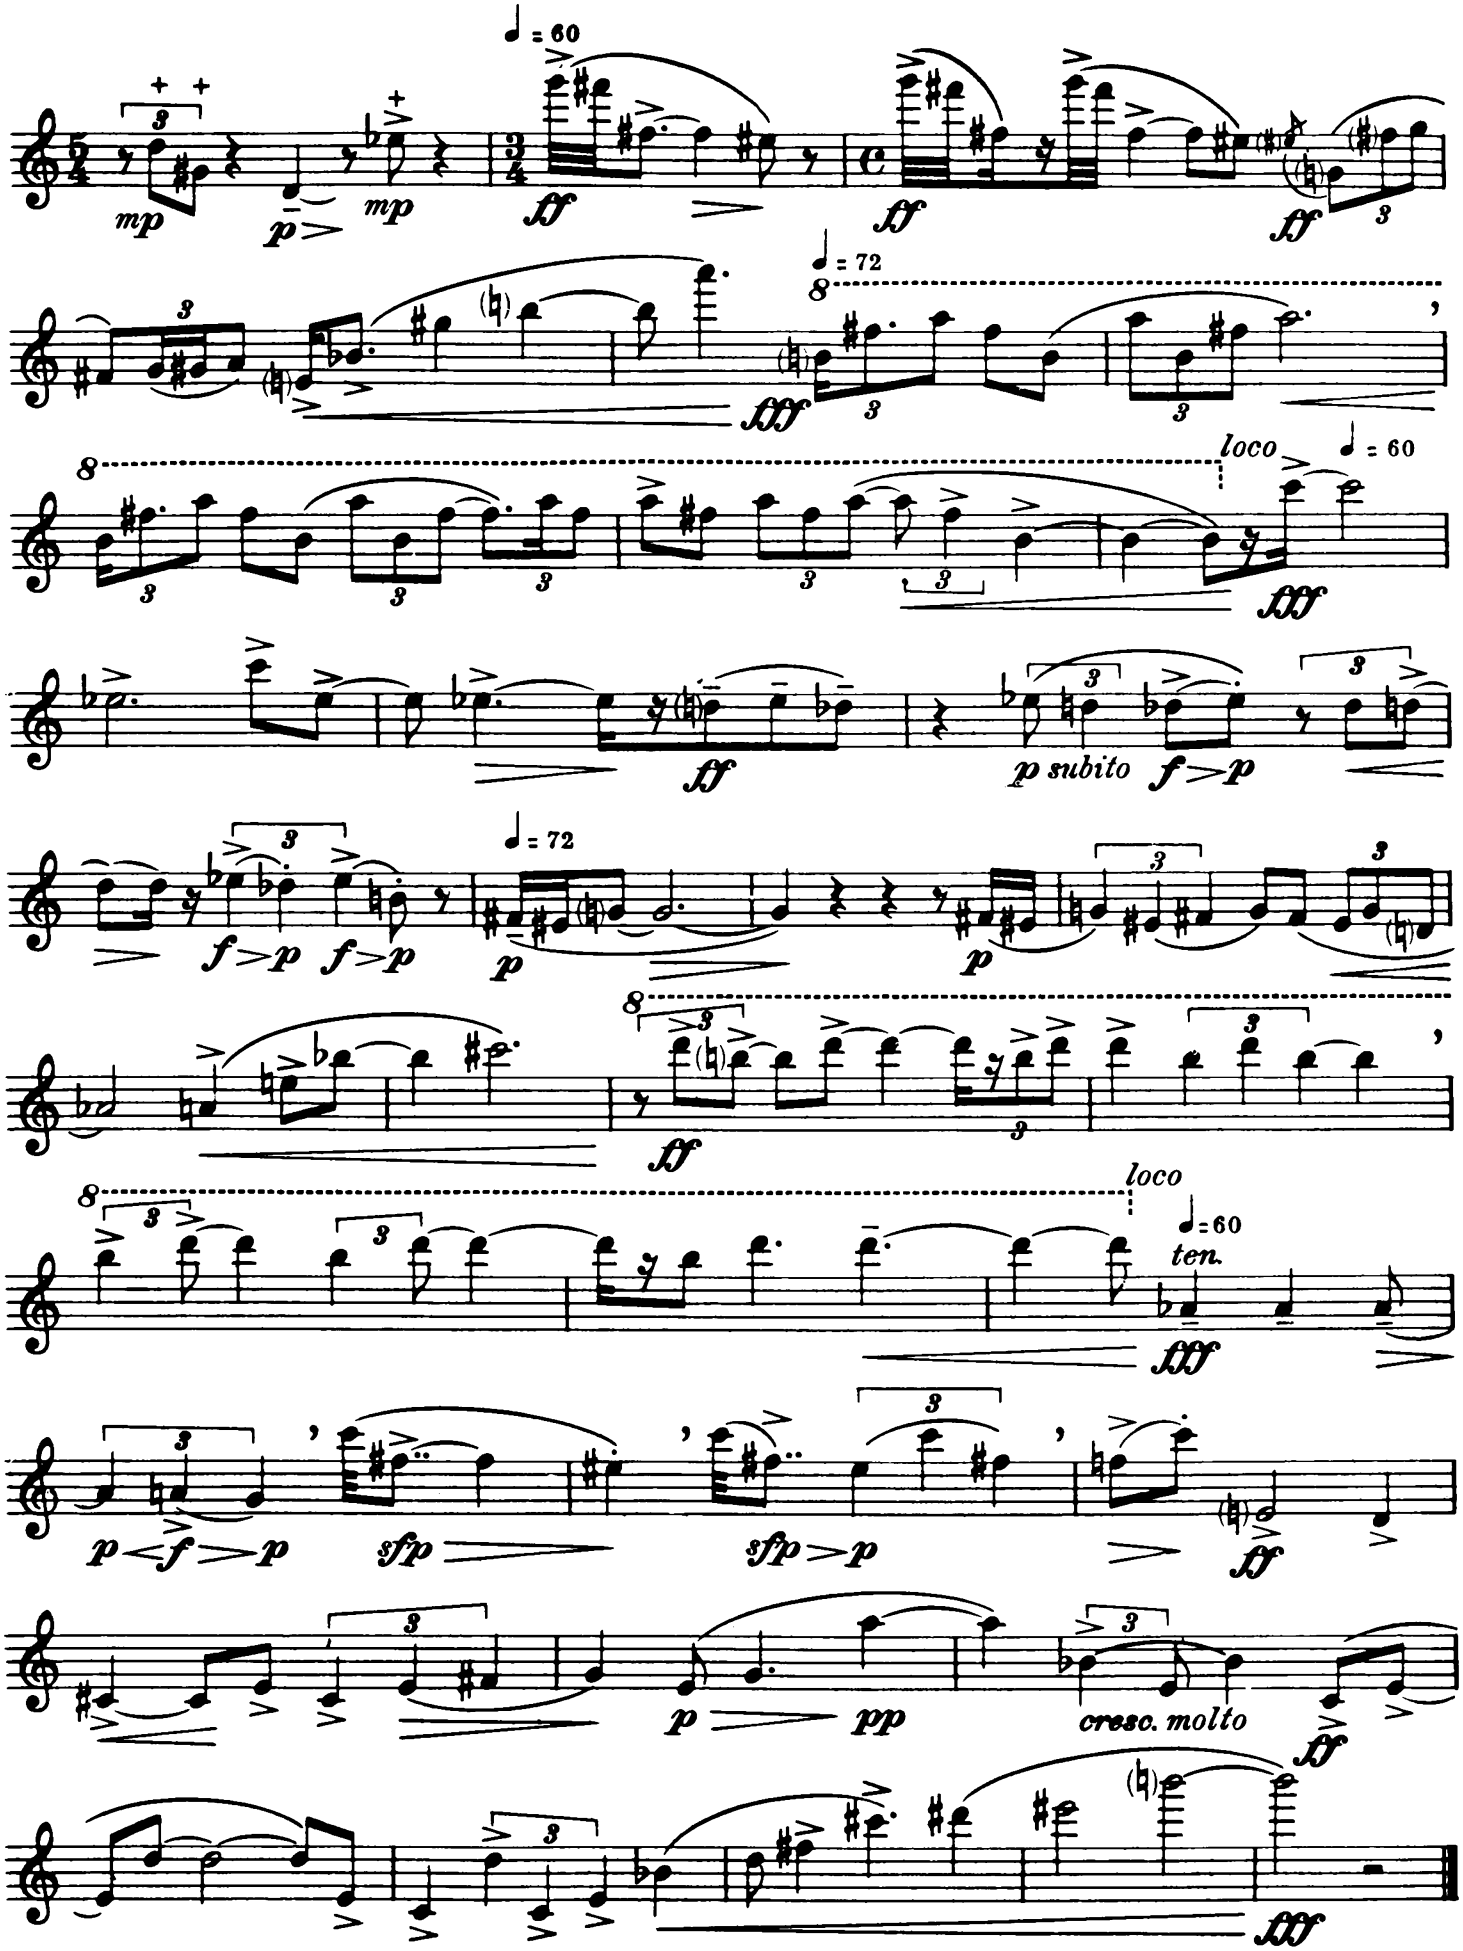

* Written in January, 1936, at the request of Georges Barrère for the inauguration of his platinum flute. Revised April, 1946. 21.5 is the density of platinum.

** Always strictly in time—follow metronomic indications.

*** Notes marked + to be played softly, hitting the keys at the same time to produce a percussive effect.
